

VIRUS FREE VACATION

Travel Responsibly in just 5 Steps!

1

When booking a vacation, consider travel protection.

Saves your money if someone needs to change their travel plans due to illness

2

Mask during and one week after traveling.

Check your airline and destination for current masking requirements. Wear the most protective mask you can that fits well and that you will wear consistently.

3

Get tested no more than 24 hours before travel AND 3-5 days after travel.

Check your airline and destination for current testing requirements. Remember to also test whenever you have symptoms or at least 5 days after exposure to COVID-19.

4

Stay alert for COVID-19 symptoms like loss of taste, smell, cough, or fever.

Before you trip, during your trip, and after your trip!

5

Do NOT travel if you,

- Are sick
- Tested positive for COVID-19 within last 10 days
- Had close contact with a person with COVID-19 within the last 5-10 days
- Are awaiting COVID-19 test results

Don't forget to "pack" your immunity! Stay up to date on vaccines and boosters to prevent illness before, during, and after a trip. Call Progreso Latino's COVID-19 team at (401) 728-5920 x 306 for help finding masks, tests, or current travel recommendations.
